

## Eesti Elektroonikaromu

### Reutilization rates from 01.01.2026

VAT (24%) excluding.

<b>1</b>	<b>LARGE HOUSEHOLD APPLIANCES: refrigerators and coolers</b>	EUR/kg
101	Refrigerators, Deepfreezers, Climatic-, air conditioning- and cooling facilities, medical freezers and medical deepfreezers	0,16
102	Stationary climatic-, air conditioning- and cooling facilities, freezers- and deepfreezers	0,025
<b>2</b>	<b>SCREENS, DISPLAYS, MONITORS AND LARGER THAN 100 CM<sup>2</sup> SCREENS EQUIPMENTS</b>	<b>EUR/kg</b>
201	Laptops	0,1
202	Displays/monitors glass/CRT/liquid crystal/LCD/plasma	0,2
203	TV-s	0,2
204	Other telecommunication appliances for imparting image or other info	0,1
<b>3</b>	<b>LIGHTING APPLIANCES</b>	<b>EUR/kg</b>
300	Led lights (pulbs)	0,1
301	Straight luminated lamps	0,23 EUR/piece
302	Saving-lamps	0,23 EUR/piece
<b>4</b>	<b>BIG EQUIPMENTS( LARGER THAN 50 CM)</b>	<b>EUR/kg</b>
400	Microwaves	0,1
400	Vacuum cleaners, carpet brushes, other electric cleaning appliances; sewing-, weaving- , knitting- and other textile processing machines;	0,1
400	Other not mentioned electric household appliances	0,1
400	PCs, included keyboards and mouse's (excluded displays)	0,1
400	Printers, all types, Copiers, photocopiers, Scanners, Faxes	0,1
400	Other appliances for electronic collecting, saving, tooling, reporting	0,1
400	Other facilities (radio, video/DVD, CD-players, tape cassette-players, record players, boosters, loudspeakers, walkman, digi-TV boxes)	0,1
400	Lamps for household or office (ceiling-, floor-, table lamps, etc.)	0,1
400	LED lamps and other LED products	0,1
400	Lawn mowers and other electric garden tools, high pressure wash, compressors, etc.	0,1
400	Electric- and electron tools	0,1
400	Coin-operated amusement machines / slot machines	0,1
400	Electric sport facilities or facilities with electric components	0,1
400	Big music instruments	0,1
400	Appliances for detecting, preventing, monitoring, treating, alleviating illness, injury or disability (all medical devices which are covered by WEEE, except freezers)	0,1

400	Other monitoring and control instruments used in industrial installations (e.g. in control panels)	0,1
401	Electric cooker/range, Hot plates & ovens, dishwashers, dryers, washing machines	0,017
402	Other large equipment used for the preservation, preparation and other food processing of food	0,017
403	Electric ventilations, electric heating appliances (boilers, electric heaters, etc.)	0,03
404	Solar panels, solar heating systems, equipment and accessories that come with the systems	0,05
<b>5</b>	<b>SMALL EQUIPMENTS( LESS THAN 50 CM)</b>	<b>EUR/KG</b>
500	Flat- irons and other facilities for ironing or for other garment grooming, toasters, fritters; coffee-mills, coffee-makers and devices for opening reservoirs or packages; electric knives; haircut machines, hair dryers, toothbrushes, shavers/razors, massage apparatus, etc.; clocks, watches and devices for time measuring; scales	0,09
500	Other not mentioned electric household appliances	0,09
500	Other consumer equipments	0,09
500	Lamps for household or office (ceiling-, floor-, table lamps, etc.)	0,09
500	LED lamps and other LED products	0,09
500	Other facilities (radio, video/DVD, CD-players, tape cassette-players, record players, boosters, loudspeakers, walkman, digi-TV boxes)	0,09
500	Other appliances for electronic collecting, saving, tooling, reporting, other appliances for audio or image recording	0,09
500	Equipments with integrated solar panels	0,09
500	Electric tools (for screwing, drilling, planishing, sawing, brazeing, spattering, etc.)	0,09
500	Electric garden tools	0,09
500	Video games, other electric games and games with batteries	0,09
500	Electric sport facilities or facilities with electric components	0,09
500	Small music instruments	0,09
500	Appliances for detecting, preventing, monitoring, treating, alleviating illness, injury or disability (all medical devices which are covered by WEEE, except freezers)	0,09
500	Smoke detectors, heating regulators, thermostats	0,09
500	Measuring, weighing or adjusting appliances for household or as laboratory equipment	0,09
500	Other monitoring and control instruments used in industrial installations (e.g. in control panels)	0,09
501	E-Cigarettes are reusable	0,1
502	E-Cigarettes are disposable	0,1
<b>6</b>	<b>INFOTECHNOLOGY- AND TELECOMMUNICATION APPLIANCES</b>	<b>EUR/kg</b>
600	Laptops, notebooks, tablet	0,1
600	Cell phones / mobiles	0,1
600	Wireless phones, telephones, telephone commutators, Modems & answering machines	0,1

600	Transformators & battery chargers	0,1
600	Other telecommunication appliances for imparting audio-, image or other info	0,1

	<b>BATTERIES</b>	
<b>PATk</b>	<b>Portable batteries (sold separately)</b>	<b>EUR/kg</b>
PATk Ag2O	Silver-oxide batteries	0,6
PATk Hg	Mercuric oxide batteries	0,6
PATk L	Lithium batteries	0,76
PATk Muu	Other batteries (including alkaline batteries, zinc-carbon batteries)	0,6
	<b>ACCUMULATORS</b>	
<b>PATk</b>	<b>Portable accumulators</b>	<b>EUR/kg</b>
PATk NiMH	Nickel-metal accumulators	0,6
PATk NiCd	Nickel-cadmium accumulators	0,6
PATk Li-Ioon	Lithium-ion accumulators	0,8
PATk Pb	Lead-acid accumulators	0,065
PATk Muu	Other accumulators (alkaline, etc)	0,6
<b>PATe</b>	<b>Batteries for light transport vehicles</b>	<b>EUR/kg</b>
PATe	Nickel-metal accumulators and other batteries (including alkaline batteries, zinc-carbon batteries)	0,6
PATe	Nickel-cadmium accumulators	0,6
PATe	Lithium-ion accumulators	0,8
PATe	Lead-acid accumulators	0,065
PATe	Other accumulators (alkaline, etc)	0,6
<b>PATa</b>	<b>Low-voltage accumulators for motor vehicles</b>	<b>EUR/kg</b>
PATa Muu	Other accumulators (alkaline ets)	0,3
PATa Pb	Lead-acid accumulators	0,065
PATa Li-Ioon	Rechargeable Lithium-ion accumulators	0,95
<b>PATt</b>	<b>Industrial accumulators</b>	<b>EUR/kg</b>
PAT1 Muu	Other accumulators (alkaline ets)	0,3
PATt Pb	Lead-acid accumulators	0,065
PATt Li-Ioon	Rechargeable Lithium-ion accumulators	0,8
<b>PATpss</b>	<b>Batteries for stationary battery-based energy storage systems</b>	<b>EUR/kg</b>
PATpss Li-Ioon*	Lithium-ion batteries (e.g. battery banks for energy storage in households, industries, etc.)	0,27

PAT <sub>pss</sub> KP Li-Ioon*	Industrial high voltage Lithium-ion accumulators( for example, energy storage stations, etc)	0,27
<b>PAT<sub>ev</sub></b>	<b>High-voltage traction batteries for electric vehicles</b>	<b>EUR/kg</b>
PAT <sub>ev</sub> Muu	Other accumulators (alkaline ets)	0,3
PAT <sub>ev</sub> Pb	Lead-acid accumulators	0,065
PAT <sub>ev</sub> Li-Ioon**	Rechargeable Lithium-ion accumulators	2,7

• Minimum bill

As of 1.01.2020, Eesti Elektroonikaromu OÜ will not issue invoices smaller than 10 Euros + VAT. If the customer's invoice is less than 10 EUR, we'll charge invoice fee of 10 EUR + VAT.

If you are a small importer, we recommend that you report less frequently - for quarterly reporting, invoice 1x per year.

- \* Due to the long-term use of Li-Ion(NMC/NCA) and LiFePO<sub>4</sub>(LFP) storage batteries, Eesti Elektroonikaromu OÜ has the right to charge the customer a surcharge in the future if the handling costs are 10% or more higher than the service fee according to the price list when generating battery waste.
- \*\* The customer pays Eesti Elektroonikaromu OÜ a service fee for the handling costs of waste generated from marked products based on the handling of waste generated from the products, not based on the product being placed on the market. The customer is aware and takes into account that the service fee for the handling of waste generated from \*\* marked products during waste handling may be significantly higher compared to the service fee for the handling of waste at the time of placing the product on the market.
